

LED 150W Narrow spot moving head

The B Narrow is the ultimate alternative for your rental fleet 'mid class' light fixtures. This powerful spot with a 150W white LED engine is pushed through a special narrow glass optic to deliver high output, even at longer distances. It is a compact and lightweight fixture that dares to compete with a 700W spotlight, but is carrying 3 to 4 times less weight. Budget friendly applications and fast setup for effects, without losing the homogeneous beam (beam lights have hotspots). Its soft rubber coated finish does not generate reflections.

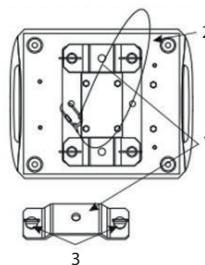

Physical

Dimensions (WxHxD)	28 x 47 x 27 cm
Packing dimensions (WxHxD)	30,5 x 50 x 30,5 cm
Nett weight	10,6 kg
Gross weight	12,6 kg

Mounting options

Hanging	2 x Omega brackets with ¼ turn quick-lock fasteners M10 mounting holes
Standing	4 x rubber feet
2nd suspension / safety wire	2 holes in the base to pass the safety wire or carabinier

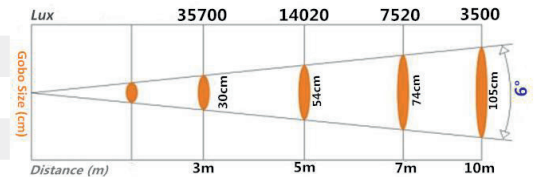

1. Omega bracket
2. Safety cable
3. ¼ turn quick lock fastener

Control

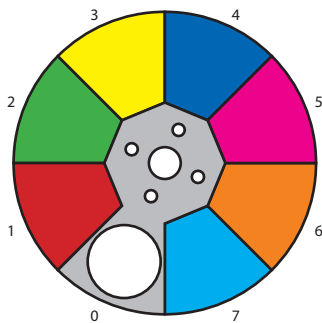

Internal program & control master slave	In/Link	MKI: XLR 3-pin MKII: XLR 5-pin
Auto operation	Speed control & music triggered	Movement
DMX mode	10/12/14/16 channels	Max. Pan: 540° Max. Tilt: 270°

Optical

Beam angle	6°
Light output	14020 LUX @ 5m (open white)
Strobe	High speed 1-25 flash/second
Color wheel	7 colors + white (rotation with variable speed & direction)
Wheel static gobos	8 gobos + white (wheel rotation + shake)
Wheel rotation gobos	6 gobos + white (wheel rotation + shake)
Prism	8 facet prisms (bi-directional rotation @ variable speed)

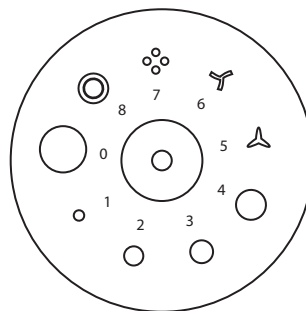

Static color wheel

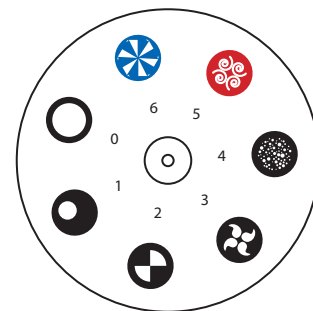

- 0. Open
- 1. Red
